

HOW TO COMPLETE THIS FORM

SECTION A: EMPLOYEES

If you are an employee and you are eligible to choose a super fund, your employer must give you this form after they have completed 'Section B'.

Question 1

Choice of superannuation fund

Complete this question by placing an 'X' in one of the boxes.

OPTION 1: You can stay with your employer's super fund

If you don't make a choice, your employer's super contributions will be paid into a fund chosen by your employer, as detailed in Section B. You do not need to complete 'Section A' for this option.

Your employer is not liable for the performance of the super fund you choose or the employer fund they choose on your behalf.

! You only need to complete 'Section A' if you are choosing a fund that is different to your employer's nominated fund. You do not need to return this form to your employer if you want to continue to stay with their default fund.

! Do not seek financial advice from your employer unless they are licensed to provide it. You may choose another superannuation fund later if you wish.

OPTION 2: Choose your own super fund

You can choose the super fund you want your employer super contributions paid to. You need to complete 'Section A' for this option.

! Any money you have in existing funds will remain there unless you arrange to transfer it (or roll it over) to another fund. Check the impact of any exit fees, or benefits you may lose, before leaving the fund. Your employer cannot do this for you.

! There is no restriction to the number of times State Government employees can change funds through their employer.

> If you chose this option, go to Question 2.

Question 2

Your details

Provide your personal details.

If you quote your tax file number (TFN) to your employer for super purposes, they must provide it to the super fund they pay your super to.

Providing your TFN means:

- Your super fund will, subject to its rules, be able to accept all contributions for you
- The tax on contributions your fund receives for you will not increase
- Other than the tax that may ordinarily apply, no additional tax will be deducted when you start drawing down your super benefits, and
- It is easier to keep track of different super accounts in your name so you receive all your super when you retire.

> You are not legally required to quote your TFN but if you do not quote it your contributions may be taxed at a higher rate.

Question 3

Details of your chosen superannuation fund

Provide the details of your chosen super fund.

Question 4

Appropriate documentation

Complete by placing an 'X' in the box and including a copy of the appropriate documentation listed in the *Standard choice form*.

! Your employer does not have to accept your choice of fund if you have not provided the appropriate documents.

> If you have completed 'Section A', return this form to your employer and keep a copy for your own records. Do not send a copy of this form to us or your super fund.

SECTION B: EMPLOYERS

You must complete 'Section B' of the form before you give the form to your eligible employees.

Question 5

Your details

Provide your details.

Question 6

Your employer nominated superannuation fund

An employer (or default) fund is the fund to which you pay an employee's Superannuation Guarantee (SG) contributions if they do not choose a fund.

Superannuation contributions will be paid into the appropriate default scheme if the employee doesn't make a choice.

- Give a copy of this form to your employee after you have completed 'Section B'. When your employee returns the completed form to you, do not send it to us or your super fund. You must keep a copy for your own records for at least five years.
